3. How to achieve ZEN?

In order to use our services, you have to register and open a ZEN Account. You can only have one ZEN Account at a time.

There are only two requirements to apply for a ZEN Account:

1. be 18 years old or over,
2. be the resident of a country other than those listed [here](#)

When you apply to open an account, we will need to confirm your identity. We do this by automatically checking a photo of your valid identity card, driver's license, passport or residence card and matching that with a photo of your face. We may not be able to accept certain documents as proof of ID, depending on the country where it was issued. You will be informed about which documents can be accepted during your application process.

If you believe that you have legitimate reasons for being unable to provide the requested identity documents, you may contact us by sending us an e-mail at hello@zen.com. In this case, you should explain in your e-mail the reasons for not being able to provide the identity documentation that are required during onboarding. Our onboarding team will consider the special conditions

applicable to your case and if we consider that you have credible and legitimate reasons, we will provide you with alternative ways to verify your identity. In such cases, you may be given additional time to provide the traditional forms of identity documentation and certain restrictions and limitations may apply to your usage of our services until you do so.

We may also ask you to send us additional copies or scans of certain documents before or after you are registered for a ZEN Account. Please check our [Privacy Policy](#) to find out more about how we collect and process your information and what we do with it.

If you are using our services through ZEN's business partners which have your confirmed identity details, you may be required to perform face verification when you log in through the ZEN mobile app. Doing so will allow you to benefit from the full range of our services that are available to you and you will begin to be charged the monthly subscription fee based on your subscription model, starting from that date.

The documents that you provide must be legible and visible, without any damage, cover, hidden data or signs of modification.

If a document you have provided to ZEN expires, you must supply ZEN with a new and valid version of that document.

We may refuse your application to register if we have significant reasons for it. Even though we always document the reasons for such refusal, we are not obliged to reveal them to you due to regulatory requirements.

By registering you confirm that the data provided during the registration process is up-to-date and correct. If any of the information you provide us with during registration change after your account is created, you should notify us as soon as possible.

4. ZEN Account and ZEN App

Our main service is ZEN Account, which is a payment account created for all Users following registration.

When you receive money in your ZEN Account, ZEN issues electronic money in the same value for you. You can hold electronic money in your ZEN Account and use the ZEN Account for other payment services which will be described below. You will be able to hold funds in different currencies we offer. Here is the current [list of available currencies](#).

By using the ZEN App, you can make use of a variety of our services, subject to your eligibility for them. These include the ability to access your ZEN Account, transfer funds to other accounts, exchange currencies, check your balance and transaction history, change your phone number or address, order a ZEN Card or change its delivery address. The ZEN App is available via Google Play, Huawei App Gallery or Apple App Store.

5. ZEN Transactions

Whenever you send or receive money, exchange currencies or use your ZEN Card to make a payment, you are making a transaction.

As a financial institution, we are obliged to check each transaction and do our best to ensure that:

- i. none of the transactions occurring through ZEN are fraudulent, illegal, unauthorized, against anti-money laundering or terrorist financing regulations or otherwise against ZEN's terms;
- ii. the source of the funds involved, or the underlying legal reasons of the transactions are clear and are not suspicious;
- iii. the amount, number or frequency of the transactions are not suspicious, taking your spending pattern as well as other circumstances into consideration.

We may ask you to provide additional information or documentation relating to your transactions if we consider it necessary to ensure that your transactions are in line with the paragraph above. If ZEN reasonably suspects the existence of one or more of these issues, your transaction may be delayed or refused. In such cases, we may also suspend your access to a part or whole of our services. As long as we are legally and technically able to do so, we will let you know about the refusal of your transaction and the underlying reasons as soon as possible.

We also reserve our right to reverse a transaction which has already been processed if there has been a mistake or technical error in the fundamentals of the transaction order such as the amount, exchange rate, recipient, limits etc.

ZEN may use intermediary institutions to provide transaction services such as top-ups or transfer of funds. ZEN is not liable for any delays or errors resulting from technical issues or malfunctions on the intermediaries' side.

Your ability to make transactions may be restricted or suspended due to our responsibility to mitigate money laundering or terrorist financing risks, where permitted under the applicable laws and regulations. These restrictions may include restrictions on the amount, type or number of transactions or transactions to and from certain countries.

If we determine, or have reasonable grounds to believe, that you are misusing or unfairly exploiting benefits or promotional offers—whether provided by ZEN or third parties—through the use of our services or products, we may restrict your access to certain services. These measures may be necessary to protect ZEN and its customers from adverse outcomes, such as increased operational costs or transaction limitations imposed by other financial institutions. You are prohibited from sending or receiving transfers to or from countries named in the [prohibited jurisdictions list](#), as updated by ZEN from time to time.

ZEN keeps records of all your transactions. You can also view them and download statements of your account movements by using the ZEN App.

You can use your ZEN account to perform the following types of transactions:

(a) Adding Funds (Top-Up)

You can top-up your ZEN Account using the ZEN app in any of the numerous currencies offered by ZEN. There are several top-up methods available. Top-up is free up to the limit specified in your subscription plan. The top-up fee (if any) will be displayed in the ZEN app when you are making the transaction.

You can top-up your account only with a payment instrument (for example, a card) issued under your name.

You can also receive funds from outside of ZEN by using the IBAN corresponding to your account in the desired currency. Such transactions are not counted towards your free top-up limit.

ZEN strives to always comply with applicable laws and regulations as well as orders, decisions and rulings received from law enforcement agencies, prosecutors, supervisory institutions or courts. At times, this may lead to ZEN blocking or transferring funds without your explicit consent. In such instances ZEN will inform the customer about the underlying reasons for aforementioned actions, to the extent permissible by relevant applicable laws and regulations.

(b) Transferring Funds

You can transfer funds locally or internationally from your ZEN Accounts by using several methods including SEPA and SWIFT. You can choose to cover the transfer fees or split the fees with the recipient.

Please be careful when you are entering the transaction amount or the details of the recipient and make sure that the recipient is trustworthy. You are responsible for making sure that the transaction details are accurate. If the transaction details are inaccurate or insufficient, the transaction may fail. If you change your mind about the transaction after a transfer is settled to the recipient's bank, you may not be able to revoke the transfer and retrieve your funds from the recipient.

If you make the transfer in Euro, to an account in a country within the European Union, your transfer will be settled no later than the end of the next business day. Other transfers within the European Union will be settled to the recipient's bank in less than 4 business days. The settlement time of other transfers will depend on various factors including processing times or intermediary banks and additional regulatory checks. Transfer orders received outside of working hours (08:00 – 16:00 CET/CEST) on business days or outside of business days are considered to be received at 08:00 AM CET on the next business day.

If you make a transfer to a country outside of the SWIFT system, there may be additional charges applied by the correspondent or recipient banks that cannot be known prior to making the transfer. In these cases, you will be asked to bear the additional costs.

You will not be able to transfer funds from your account if the usable balance of that account is not sufficient to complete the transfer.

ZEN only provides services related to fiat currencies and does not engage in the sale or management of digital currencies. Any digital currency transactions or activities, including wallet top-ups or transfers, are handled by an external partner. By sending funds outside of ZEN to top up a fiat wallet or for digital currency-related transfers, you acknowledge that these funds may not be retrievable or refundable by ZEN in cases such as contractual disputes, failed investments, or other issues.

ZEN is not a broker, advisor, or service provider for cryptocurrencies and assumes no responsibility for any financial losses, disputes, or other consequences resulting from your digital currency-related decisions or investments. You are solely responsible for

conducting due diligence on external partners or services involved in digital currency transactions.

(c) ZEN Buddies

ZEN Buddies is another method of transferring funds which allows you to make transfers to other ZEN users using a phone number, without knowing their actual account number. If the recipient is also a ZEN User, the transfer will be settled on the recipient's account instantly. In case the recipient is not a ZEN User, an SMS invitation will be sent to the phone number you provide. The recipient will be able to access the funds by registering for a ZEN Account.

For more information on ZEN Buddies, please check [ZEN Buddies Terms](#).

(d) Making payments

You can easily make payments with your ZEN Card at any point of sale or on the internet. You can also use ZEN Pay method for your online purchases if the method is accepted by the seller.

Paying with ZEN Card or ZEN Pay is not subject to any additional fees or charges unless you are prompted before you approve the transaction that additional third-party charges will apply.

In some online stores, you can come across ZEN Pay, our payment method that works with a ZEN QR code. In order to use this payment method, you just need to scan the code with your phone camera or using the special function in the ZEN App. ZEN Pay allows transactions to be made immediately after approval.

(e) Exchanging currencies

You can exchange currencies at attractive exchange rates. Choose between the currencies available on your account. Currency exchange is instantaneous as long as you have sufficient funds at the time of the transaction.

If you do not have sufficient funds to cover the transaction or payment amount in the account that you choose, ZEN will automatically exchange and withdraw the necessary amount from your other currency accounts in the following order: EUR, USD, GBP, PLN.

6. Negative Balance

Your ZEN Account may have a negative balance due to reasons such as ZEN Card transactions, waived cashbacks, charges and fees, error corrections, waived chargeback refunds or other amounts you may incur pursuant to these terms. Any negative balance is covered automatically from your other accounts (*please see "Exchanging Currencies" section above*) or the future top-ups to your accounts. In the absence of sufficient funds in your other ZEN accounts to cover the negative balance, such a negative balance is an unauthorized debt owed to UAB ZEN.COM.

You must repay such debt in full within 5 days from the moment of its occurrence. If an amount sufficient to cover the outstanding balance is not deposited into your respective ZEN account within the specified period, you will be charged interest at the rate of 0.5 percent of the outstanding balance for each day of delay, or the maximum interest rate permitted by law. In

connection with the occurrence of a debt, the ZEN user you must indemnify UAB ZEN.COM for the losses and damages incurred in full, as well as all actual costs incurred by ZEN to collect this debt (including, but not limited to: costs of legal aid, cost of legal services, costs of document translations, costs of notarization of necessary documents, cost of conducting necessary examinations, court fees, necessary state duties and other necessary expenses).

Accordingly, if you do not pay your negative balance within 5 days, ZEN has the right to initiate debt recovery processes, apply to the courts or otherwise request injunction or interim relief for the purpose of recovering any unpaid negative balance that you may have. If we send you a demand letter for overdue payments, you will be charged an additional fee based on your address (6,82 PLN for Poland; 20 PLN for other countries).

If you have both an individual and a business account (as a sole trader) with ZEN, you give us permission to cover negative balances and other due receivables of your business from your individual account.

7. How to keep ZEN

You must keep all login credentials, passwords, passcodes, ZEN Cards, PINs, payment instruments or the devices/mobile numbers identified with ZEN and any other means of authentication safe from theft or unauthorized access by other people.

You must keep all your software on all electronic devices that are being used to benefit from ZEN services up to date to ensure the security of the devices and the networks being used (e.g., antivirus software and firewalls).

8. What if ZEN is disturbed?

When you contact us via e-mail, please send your message from the same e-mail address you have provided to ZEN. If this is not possible, please let us know and we will try to solve this issue by asking you to provide additional verification to clarify your identity.

Languages that we use for claims/complaints communication are English, Polish and/or the official language of your country of residence, unless otherwise agreed.

When you contact us, please provide as much information as possible regarding your complaint or claim.

(a) I did not authorize this transaction

If you have acted according to the "How to keep ZEN" section above, but you still suspect that a transaction was made from your ZEN Account without your authorization, you have 13 months from the date of transaction to inform us and receive a refund. Unless we find that you have acted fraudulently or you have not complied with your security obligations mentioned above, we will refund the transaction back to your account by the end of the next business day.

(b) I have a problem with my ZEN Card payment

- i. *I have authorized the payment with my ZEN Card, but the amount of the payment was not specified at the time, and it was more than what I reasonably could have expected.*

If the recipient of your payment is located in the EEA, you can request a refund for the aforementioned payments within 8 weeks from the date of the payment. Once you provide us with all the relevant documents and information which prove these points, we will refund you the full amount within 10 business days.

- ii. **ZEN CARE:** *I have another problem with my ZEN Card payment or the service/product I have purchased*

ZEN offers a special customer care service called **ZEN Care**. Whenever you use your ZEN Card to pay for goods or services and you are not satisfied with the product or the service you receive, you can contact ZEN Care instead of the merchant. We will contact the merchant on your behalf and try to resolve your issues directly with them.

By applying to ZEN Care, you grant us your permission to contact the merchant on your behalf for the resolution of your dispute with them. For that purpose, if necessary, we may ask you to execute a written power of attorney.

The number of ZEN Care complaints that we can handle for you each month depends on your subscription plan.

While we will do our best to resolve your issue quickly and efficiently, you will need to remember that ZEN Care does not guarantee that the merchant will cooperate and agree to issue a refund.

Please keep in mind that ZEN Care can only help you if the details of the disputed purchase (such as e-mail, address, name etc.) can be reasonably attributable to you.

- iii. *The merchant is not cooperating and/or I want a chargeback*

If you have personally contacted the merchant or used ZEN Care to do so and the merchant has not provided a satisfactory resolution to your issue, you may be eligible to apply for a chargeback. In this case, we will ask you to provide certain documents based on the chargeback rules of the card scheme. Please note that the result of your chargeback request will depend on the rules of the card scheme.

(c) I have a complaint about ZEN

You can also file a complaint about ZEN or ZEN's services. Your complaints can be sent:

- i. *via e-mail at hello@zen.com or office@zen.com,*

Responses to complaints about ZEN or ZEN's services will be delivered in a written digital (e-mail) form in English, or other language, preferred by Customer, if applicable.

In order to ensure that we can get back to you with a satisfactory answer as soon as possible, please explain your problem as clearly as possible and provide us with all relevant documents (if any). We will examine your complaint no later than within 15 (fifteen) business days of the day of receipt of the complaint and provide you with a reasoned and documented reply.

If we are not able to provide an answer to your complaint within 15 business days for reasons beyond our control, we will send you a response clearly indicating the reasons for the delay and specifying a new deadline by which you will receive the final reply. In any event, the deadline for receiving the final reply shall not exceed 35 (thirty-five) business days. The complaint handling procedure is free of charge.

In case our response to your complaint does not satisfy you, or in case such response was not given within the timeframes set in the paragraph above, you have the right to bring the claim to the courts of the Republic of Lithuania or apply to the Bank of Lithuania as provided in the paragraph below. You and ZEN agree that all legal disputes shall be first adjudicated by the District Court of Vilnius Region or Vilnius Regional Court.
