 - 7.29.2. was previously disputed and subsequently returned to the Merchant,
 - 7.29.3. was not authorized by the Cardholder, or
 - 7.29.4. constitutes transaction laundering, defined as intentionally obscuring the true nature, source, or purpose of a Transaction by processing it through a facade of low-risk activities (e.g., falsely categorized goods/services) where the actual goods or services are prohibited under the Card Scheme Rules.

- 7.30. Merchant shall keep the records of all information related to the performance of the Merchant Agreement, performance of the Merchant's agreement with the Cardholders/Account Holders, the Transactions (including but not limited with correspondences with the Account Holder as well as relevant invoices) and their delivery (including but not limited with proof of shipping and delivery) for the 8 years following the processing date of the Transaction.
- 7.31. ZEN reserves the right to investigate any Merchant activity that may pose legal, regulatory, financial, or reputational risk to ZEN, its partners, or payment schemes. Merchant shall fully cooperate with ZEN in providing any information or documents which may be required for investigations related to any conduct that, in ZEN's sole discretion, violates Section 7 of these Terms, is unlawful, or may damage ZEN's brand, customers, or systems, or is related to fraud, AML, Chargebacks, similar queries forwarded by the Acquirers or the Payment Method Providers, or any other dispute which may be raised by the Cardholders, Account Holders or other related parties.
- 7.32. The Merchant shall promptly submit to ZEN written reports of any known or suspected illegal activity related to its use of payment processing services, any breach of the Visa Integrity Risk Program (VIRP) Guide, Visa Core Rules, or Visa Product and Service Rules, or any complaints, investigations, or enforcement actions arising from such illegal activity or breaches. Reports must be submitted to ZEN via email or by contacting ZEN Customer Support via ZEN application within twenty-four (24) hours of the Merchant becoming aware of the incident. The Merchant agrees to cooperate fully with ZEN and/or Visa in any investigation of reported incidents.
- 7.33. Upon identification of a potential breach following the investigation under Section 7.31:
- 7.33.1. ZEN may notify the Merchant and request relevant documentation;
 - 7.33.2. The Merchant must respond to the request within 5 business days, or 2 business days where urgent or where the issue has been raised by a regulator or law enforcement authority;
 - 7.33.3. ZEN will assess the information provided and determine whether a violation has occurred. The deadline may be shorter if required by law enforcement or Payment Method Providers, in which case both the Merchant and ZEN are expected to comply accordingly.
- 7.34. Any change made in the delivery address of a Merchant Product or Merchant Service after Authorization has been requested for the relevant Transaction shall not be accepted by the Merchant.

- 7.35. The Merchant shall immediately inform ZEN in the event that it becomes aware or suspects of a forensic investigation, administrative decision, legal order, or similar procedure initiated against the Merchant that is connected to the potential illegality or unlawfulness of Merchant Product or Services, or any event which may give rise to a Fine, Penalty, or any fraudulent, illegal, unauthorized or suspicious action taken on the Merchant account, API, Software or otherwise relating to the Transactions, Services, Cards, Cardholders, and/or Account Holders. The Merchant shall fully cooperate with ZEN in preventing such unauthorized or suspicious actions taken and share all information or documents which may be helpful in investigating, remedying or defending ZEN in the aforementioned circumstances.
- 7.36. Merchant represents and warrants that it shall not copy, capture or intercept the Payment Details of the Account Holder via any page/application/method or ask the Account Holder to enter the Payment Details on a website/application other than the Redirected Payment Page or API. The Merchant must not sell, purchase, provide, exchange or in any manner disclose Card Data, Payment Details, Transaction data, or other personal information of or about a Cardholder to anyone other than the relevant Acquirer or Card Scheme, or in response to a government demand. This prohibition applies to Card imprints, terminal ID numbers (TIDs), carbon copies, mailing lists, tapes, database files, and all other media created or obtained as a result of a Transaction.
- 7.37. Notwithstanding anything to the contrary herein, Merchant's breach of its material obligations under these E-Commerce Terms, including any terms of this Section 7, will constitute a material breach of the Merchant Agreement. In addition to ZEN's right to suspend or terminate the Merchant Agreement, ZEN also has a right to increase the Fees or apply extra charges on the Merchant in the event of a material breach of the Merchant Agreement.
- 7.38. The Merchant shall not process Transactions by collecting the Card Data through phone or mail (MOTO Transactions).

8. Recurring Transactions

- 8.1. Before processing the first Recurring Transaction from a Cardholder, the Merchant must obtain the Cardholder's explicit consent at the point of checkout to perform Recurring Transactions by the Merchant on behalf of Cardholder. The Merchant must ensure that the Cardholder agrees to the storage of their Card Data in order to authorize the Recurring Transaction.
- 8.2. The Merchant must ensure that the Cardholder's consent for the Recurring Transaction covers all of the following aspects: description of Merchant Products or Services, Transaction amount and currency, information whether this is a fixed amount or description about how the amount will be calculated, the fixed days or intervals on which transactions will be processed or what will trigger the transaction, cancellation and refund policy and agreement period.
- 8.3. The Merchant must send to the Cardholder a confirmation of the establishment of the Recurring Transaction agreement within 2 business days, using an established communication method. This agreement must be separate from the general purchase terms and conditions of the Merchant.
- 8.4. If the Merchant is offering a free trial period or any other promotional period, the Merchant must clearly inform the Cardholder about this fact as well as the length of that trial period. The Merchant must provide clear information to the Cardholder that they will be charged unless they take steps to cancel any subsequent Transactions. The Merchant must notify the Cardholder via email or other agreed communication channel at least 7 days before the end of a trial period.
- 8.5. Merchant must provide a simple cancellation procedure online and not process the Transaction if Cardholder cancels their agreement according to the cancellation policy. The Merchant must confirm to the Cardholder that the recurring service has been cancelled.
- 8.6. If any term of the recurring agreement has changed or more than 6 months have elapsed since the previous Recurring Transaction, the Merchant must notify cardholder via the agreed communication channel at least 7 days before the date of the next Recurring Transaction.
- 8.7. Merchant must retain the Cardholder's agreement at least for the duration of the agreement and provide it to ZEN upon request.
- 8.8. Merchant must not complete a Recurring Transaction if:
 - 8.8.1. the duration expressly agreed by the Cardholder has ended, or

- 8.8.2. the Cardholder has requested to change the applicable Payment Method.
- 8.9. The Merchant must process Recurring Transactions according to the specifications provided by ZEN and ensure that the relevant Cardholder data is up-to-date.
- 8.10. If the Card gets declined, the Merchant must not resubmit the same Card for the Transaction more than 4 times.
- 8.11. Intervals between Recurring Transactions may not to exceed one year. A break of more than 12 months between Recurring Transactions means the expiry of the recurring agreement and the need to conclude a new agreement with Cardholder.

9. Authorization and Clearing

- 9.1. For some Payment Methods it is possible to ask for Authorization of a payment (to check whether the Account Holder indeed has an Account that can be charged for the payment amount) without immediately Clearing the Transaction. The prior Authorization gives the Merchant some additional assurance that when the Transaction is Cleared, it will be Settled to the Merchant (and not be blocked or be subject to a Chargeback). The Merchant is responsible for providing the data required to Clear the Transaction; this can be realized via the API.
- 9.2. Certain Payment Methods allow the Merchants to confirm that the Authorization for a Transaction is granted before Clearing that Transaction through the API. In the event that the Merchant exceeds any maximum Clearing Period which may be determined by the relevant Payment Method Provider or the Issuer, the prior Authorization may no longer be valid. In such situations, the Merchant shall obtain additional Authorisation. The Merchant shall be solely responsible for taking the relevant Clearing Periods into consideration for Clearing Transactions.

10. Settlement

- 10.1. ZEN is responsible for making Settlements to the Merchant pursuant to the terms of the Merchant Agreement.
- 10.2. The Merchant agrees to create a ZEN Account by accepting the ZEN General Business Terms available on the ZEN website. Four ZEN Accounts will be created for the Merchant in four currencies (EUR, USD, GBP, PLN). Unless otherwise agreed by the Parties in writing, Settlements will be made to the Merchant's designated ZEN Account. ZEN is not responsible for delays or failures to make Settlements arising out of the Merchant's failure to keep and designate an active ZEN Account.

- 10.3. Settlements will be made within the period specified in Annex A to the Merchant Agreement, following the date when the funds related to the underlying Transaction are settled between the relevant Acquirer or Payment Method Provider and ZEN ("Settlement Period"). The Merchant understands that payment periods or other conditions concerning the settlements to be made by each Acquirer or Payment Method Provider may vary. ZEN will use good-faith efforts (but cannot guarantee) to provide Settlements earlier than the Settlement Period, particularly for Payment Methods which take a long time to forward the Transaction amounts to ZEN. ZEN shall not be liable for any delays in Settlement or for receiving no Settlement due to the late performance or non-performance of an Acquirer or Payment Method Provider for any reason whatsoever (including but not limited to their insolvency or bankruptcy).
- 10.4. ZEN has a right to deduct any funds which were transferred to the ZEN Account of the Merchant in excess of the Settlement amounts by mistake.
- 10.5. In the event that ZEN, the relevant Acquirer or Payment Method Provider suspects that a Transaction which has been Cleared is related to illegal activities, fraudulent, or otherwise in breach of any applicable law or rule or is likely to be subject to a Chargeback or Fine, the Settlement for that Transaction may be withheld by ZEN until the suspecting party (or its agent) completes its investigation about the matter. Merchant is obliged to provide information or documentation regarding such a suspected Transaction which may be requested by ZEN, the relevant Acquirer or Payment Method Provider. The Merchant agrees that the result of the investigation held pursuant to the applicable laws or the relevant Payment Method Rules shall be binding and consequently Settlement may be refused.
- 10.6. In the event that a Settlement cannot be completed due to circumstances beyond the control of ZEN (in particular legal or regulatory restrictions or force majeure events) the obligation of ZEN with regards to the Settlement shall be suspended until the underlying circumstances cease to exist. The Parties shall inform each other as soon as possible after being aware of such circumstances and shall cooperate to find a solution for the finalization of the Settlement. For the avoidance of doubt, no interest shall be accrued on the Settlement amounts not transferred to the Merchant for any reason whatsoever.
- 10.7. In the event that a Transaction was not settled due to the reasons like Chargeback/Fraud or order cancelation at a time following its Settlement to the Merchant, the Merchant shall return the relevant funds to ZEN without delay. ZEN shall also have the discretionary right to set off such funds from future Settlement amounts with the Merchant.

- 10.8. Account Holders may have the option to pay in a Payment Currency that is different than the original Transaction Currency. If the Transaction Currency is EUR, USD, GBP or PLN, Settlements will be made to the Merchant's ZEN Account in the relevant currency without any conversion. If the Transaction Currency is in another currency, it will be converted to EUR based on the Currency Exchange Rates applicable at the time of Settlement. Additionally, a Foreign Exchange Fee will be applied for each currency exchange transaction made for the Merchant for the purpose of Settlement.
- 10.9. In no event shall the Merchant be eligible to receive any interest over the funds accumulated with ZEN.

11. Pricing

- 11.1. The Fees can be modified by ZEN at its sole discretion. Such changes shall become applicable pursuant to Section 27 below.
- 11.2. The Fees can also be modified each year by ZEN in line with the latest annual inflation rates published by Eurostat. Such adjustments will be notified to the Merchant in advance; however, for the avoidance of doubt, the Merchant shall not have the right of termination as it was granted for other modifications in the Fees pursuant to the paragraph above.
- 11.3. Notwithstanding the above, ZEN has a right to change the Fees applicable to the Merchant, if ZEN, in its sole discretion, determines that (i) the risk profile of the Merchant is not low, or (ii) the Merchant is not using ZEN's Services for 100% of the transactions for the sale of the Merchant's Products or Services. In either of these cases, the Fees that may have been agreed with the Merchant prior to such a decision, or that are advertised on ZEN's website/application are not applicable for the Merchant. The amended Fees will be applicable immediately following ZEN's notification to the Merchant which may be made by e-mail or other written communication method.

12. Fees and Payment

- 12.1. A detailed breakdown of the relevant Fees as well as other deductions made or amounts set-off from the Settlements will be provided with the invoices. Unless otherwise agreed between the Merchant and ZEN in writing, the Merchant will be invoiced in the pricing currency notified to the Merchant by ZEN ("Pricing Currency").
- 12.2. The Fees, as well as all other amounts due from the Merchant, including but not limited with Chargebacks and Penalties will be deducted from the ZEN Account balance of the Merchant on an ongoing basis.

- 12.3. Without prejudice to other rights ZEN may have under the applicable laws, these E-Commerce Terms or the Merchant Agreement, if the balance on the designated ZEN Account of the Merchant is insufficient to cover the Fees, Chargebacks, Penalties or other amount due under these E-commerce Terms, ZEN has the right to deduct the unpaid amounts (in whole or in part) from other ZEN Accounts belonging to the Merchant. If the Pricing Currency is different than the currency of the aforementioned ZEN Accounts, ZEN will automatically issue currency conversion Transactions from these ZEN Accounts based on the Currency Exchange Rates applicable at the time of the conversion. The amount of the funds converted and deducted will be limited with the total amounts due from the Merchant to ZEN.
- 12.4. Without prejudice to other rights ZEN may have under the applicable laws, these E-Commerce Terms or the Merchant Agreement, if the total balance of all ZEN Accounts belonging to the Merchant is still insufficient to cover the payables of the Merchant to ZEN (such as Fees, Chargebacks or Penalties), ZEN may suspend the provision of Services to the Merchant until sufficient funds are transferred to the Merchants ZEN Accounts.

13. Security Deposit

- 13.1. ZEN has the right to request Security Deposit from the Merchant. The Security Deposit can be set as a flat amount or on a rolling basis. The amount of the Security Deposit will be determined by ZEN in its sole discretion based on factors including but not limited with the Merchant's risk profile, business and financial conditions. The amount of the Security Deposit can be provided in the Merchant Agreement. However, ZEN can request additional Security Deposit or modify its amount any time by sending an e-mail to the Merchant.
- 13.2. The Security Deposit is not an investment or bank deposit. No interest or revenue shall accrue on the Security Deposit. ZEN's sole obligation with regards to the Security Deposit is to repay the remaining amount after deducting Merchant's monetary liabilities towards ZEN (including Chargebacks, Fines, Penalties, fees due to ZEN and/or other liabilities, costs or expenses incurred in relation to the Services, if any) in the manner agreed between the Parties.
- 13.3. The determination of the Security Deposit is based on ZEN's estimation of the Delivery Pending Amount of each Merchant, as well as other risk profiles of the Merchant such as the performance, average delivery times, fraud, refund and chargeback levels, customer satisfaction levels, or industry benchmark data.

- 13.4. In order to assist ZEN in its determination of the risk profile and estimation of the Delivery Pending Amount, the Merchant may also be required to submit satisfactory information regarding its financial status and its ability to provide Merchant Products and Merchant Services. In determining the Delivery Pending Amount, ZEN may take into consideration any risks or uncertainties involving the financial stability of the Merchant or the accuracy and completeness of the information received from the Merchant.
- 13.5. Without prejudice to other rights of ZEN to set-off or withhold payments due to the Merchant, ZEN shall have the right to ensure that the Security Deposit is retained by way of setting off the amounts necessary from the unpaid Settlements of the Merchant. However, in the event that ZEN requests the Merchant to complete the Security Deposit, the Merchant shall transfer the funds that are sufficient to reach the required level of Security Deposit without delay. ZEN shall have the right to suspend the provision of its Services to a Merchant which fails to retain the Security Deposit as described herein.
- 13.6. ZEN has the right to retain the Security Deposit during the Security Deposit Release Period after the termination of the Merchant Agreement or after the Merchant Products or Merchant Services of the last processed Transaction have been delivered to the relevant recipient, whichever occurs later. ZEN may, in its sole discretion, release the Security Deposit back to the Merchant in monthly arrears throughout this period. ZEN has a right to determine the Security Deposit Release Period in its reasonable discretion based on the risk profile of the Merchant.

14. Taxes

- 14.1. All fees of ZEN are excluding applicable VAT, turnover and other taxes or levies which will be separately payable by Merchant where applicable to invoiced amounts or services.
- 14.2. Unless otherwise provided in writing, all fees payable to ZEN in relation to the Services are excluding any VAT or other taxes which may be applicable under the applicable laws. The Merchant shall be solely responsible to pay, indemnify, and hold ZEN harmless from (i) any sales, use, excise, import or export, value-added, or similar tax or duty, and any other tax or duty, and (ii) all government permit fees, customs fees and similar fees which ZEN may incur with respect to the Merchant Agreement and the E-Commerce Terms. Such taxes, fees and duties paid by Merchant shall not be considered a part of, a deduction from, or an offset against, payments due to ZEN hereunder.

15. API and Software Integration

- 15.1. The Merchant represents and warrants that it shall be fully compliant with PCI DSS and shall provide satisfactory proof of its compliance on a periodic basis or upon request by ZEN. The Merchant shall ensure that it is fully compliant with PCI DSS standards to the extent to which they apply and shall immediately notify ZEN in the event that circumstances arise which may affect its compliance. For the avoidance of doubt, the Merchant shall be solely liable for and hold ZEN harmless from any Fines, costs or damages which may arise in connection with its non-compliance with PCI DSS terms.
- 15.2. It shall be the responsibility of the Merchant to follow the instructions/guidelines required to connect its systems with the Payment Interface and other relevant Software, ensure the maintenance and security of the systems, and to keep them operational and up-to-date with the latest updates in the Software or API.

16. Service Availability

- 16.1. ZEN shall use its commercially reasonable efforts to ensure that Service Availability is not measured (on a quarterly basis) below 99.5%. Scheduled downtime for maintenance pursuant to Section 16.2 below, or interruptions caused by or arising out of events that are beyond the control of ZEN, acts or omissions of the Payment Method Providers, Card Schemes, Merchants, Issuers or Acquirers, telecommunication network providers or changes that are being made as a result of the Merchant's request or that are otherwise beneficial to the Merchant, shall be excluded from the calculation of downtime.
- 16.2. In the event that maintenance of the technical systems is necessary, Merchant will be informed as soon as practically possible. The maintenance will be scheduled on a date and time that would endeavour to ensure minimization of the potential impact of the maintenance on the Merchant.
- 16.3. Merchant is obliged to immediately notify ZEN of any unexpected downtime of the Services which it experiences and to provide all reasonably requested co-operation in investigating and resolving any such downtime.

17. Chargebacks and Refunds

- 17.1. Authorization shall not be deemed as a guarantee that the Transaction will be processed or that there will not be any Refunds, Chargebacks or similar event following the completion of the Transaction. Transactions for which Settlements have been completed may still be subject to Chargebacks; in which case, the relevant amount which is subject to the Chargeback will be set off or otherwise invoiced to the Merchant pursuant to the E-Commerce Terms.

- 17.2. ZEN monitors the Chargeback(s)/Fraud(s) levels for each Payment Method available for the Merchant. ZEN reserves its right to suspend or cancel the availability of a Payment Method to the Merchant in the event that ZEN, at its reasonable discretion, decides that the Chargeback(s)/Fraud(s) levels are (or can be expected to be) above reasonably acceptable levels, or that the Merchant Products or Merchant Services are likely to cause high Chargeback(s)/Fraud(s) volumes or are not in compliance with the applicable laws or Payment Method Rules. For the avoidance of doubt, this right does not infer any liabilities on ZEN to monitor or regulate Chargeback(s)/Fraud(s) or ensure Merchant's compliance with Payment Method Rules. The Merchant shall keep ZEN harmless from any Fines received in connection to Chargeback(s)/Fraud(s) related to Transactions of the Merchant.
- 17.3. The Merchant shall only issue Refunds to an Account Holder through the same Payment Method that was originally used for the Transaction, for the Payment Methods which allow issue Refunds. Failing to do so may result in a Chargeback being processed for the Transaction which has already been Refunded by the Merchant. ZEN accepts no responsibility for losses suffered by the Merchant as a result of its failure to abide by this provision.
- 17.4. All Refunds will be subject to the same Fees as the original Transaction. Unless otherwise agreed by ZEN in writing, the amounts corresponding to Refunds will not be funded from the Security Deposit of the relevant Merchant. ZEN will not process the Refunds (i.e. return the Refund amount to the relevant Account Holder through the original Payment Method / Acquirer used for the Transaction) unless the next Settlement of the Merchant is sufficient to cover the Refund amount in full.
- 17.5. The Merchant hereby acknowledges that the fees charged for a Transaction which has been Refunded for whatever reason (including a Chargeback) are non-refundable.
- 17.6. Chargeback notifications are sent in English and to verified e-mail address of the Merchant.
- 17.7. In the event that the Merchant wishes to contest a Chargeback, the Merchant must submit the necessary documentation to ZEN via email at dispute@zen.com. All documentation must be provided in English or include an English translation. The submission must be made within the specified deadline established by ZEN. Merchants acknowledge that failure to adhere to these requirements may result in the forfeiture of their right to contest the Chargeback. ZEN reserves the right to decline to dispute a Chargeback if the Chargeback is deemed valid by ZEN.

18. Audit

- 18.1. ZEN and/or the Card Schemes, at their sole discretion, either themselves or through an agent, may conduct investigations, reviews, audits or inspections at any time, at the Merchant's expense, including by inspecting the premises and auditing the books, records and procedures of the Merchant to ensure that it is complying with the Payment Method Rules and applicable brand and security standards and procedures, and/or the Merchant Agreement and operating in a safe and sound manner.
- 18.2. The Merchant must cooperate fully with ZEN and the Card Schemes in any such investigation, inspection, audit, or review. This cooperation includes providing access to the Merchant's premises and to all pertinent records, including financial reports, and releasing any information to ZEN or Card Schemes upon request within the stipulated timeframe.

19. License

- 19.1. ZEN may provide Merchant with certain software and documentation necessary to enable the use of the Services by the Merchant. ZEN hereby grants the Merchant a royalty free, non-exclusive, revocable, non-sublicensable, non-transferable license to use the Services during the term of the Merchant Agreement. The Merchant acknowledges that all the materials provided for the Services and the software as well as other intellectual property rights related to the Merchant Agreement and the Services are owned by ZEN and its licensors.

20. Confidentiality

- 20.1. Each Party (the "Recipient") will retain in confidence all Confidential Information.
- 20.2. Recipient will protect Confidential Information against any unauthorized use or distribution to the same extent that the Recipient protects its own Confidential Information of a similar nature against unauthorized use or distribution but in no event using less than commercially reasonable efforts to protect the Confidential Information. Without limiting the generality of the foregoing:
 - 20.2.1. the Recipient will use Confidential Information solely for the purposes for which it has been disclosed;

- 20.2.2. the Recipient will disclose such Confidential Information only to those of its employees, agents, consultants and other representatives who have a need to know the same for the purposes described in 20.2.1 above, and who understand and acknowledge their obligation and willingness to preserve and hold such Confidential Information in strict confidence;
 - 20.2.3. the Recipient will not copy or authorize the copying of any Confidential Information, except as required for the purposes described in 20.2.1 above or otherwise authorized by the disclosing Party in writing;
 - 20.2.4. any copy of any Confidential Information that is made or authorized by the Recipient will contain all copyright, confidentiality or other proprietary notices contained on such document; and
 - 20.2.5. the Recipient will notify the disclosing Party promptly in writing in the event Recipient learns of any unauthorized use or disclosure of any Confidential Information and will cooperate in good faith to remedy such occurrence to the extent reasonably possible.
- 20.3. Confidential Information does not include any information that: (i) was known by Recipient without obligation of confidentiality prior to disclosure thereof; (ii) was in or entered the public domain through no fault of Recipient; (iii) is disclosed to Recipient by a third party legally entitled to make such disclosure without violation of any obligation of confidentiality; (iv) is required to be disclosed by Applicable Law or order provided, that in such event, the disclosing party shall provide the other party with notice of such law or order and provide reasonable cooperation in connection with any attempt to challenge or limit the scope of such disclosure; or (v) is independently developed by Recipient without reference to any Confidential Information.
- 20.4. This section of the E-Commerce Terms shall survive the termination of the Merchant Agreement for any reason whatsoever.

21. Data Protection

- 21.1. To the extent that they act as Data Controllers or Data Processors for the purpose of providing or receiving the Services, ZEN and Merchant shall act in full compliance to Regulation (EU) 2016/679 ("General Data Protection Regulation") and other laws and regulations of the Republic of Lithuania, implementing or related to the General Data Protection Regulation. Both ZEN and Merchant warrant that they will take all necessary technical and organizational measures to ensure that Personal Data is processed, controlled or otherwise collected or shared in strict compliance with General Data Protection Regulation and relevant laws.

- 21.2. In the event that the Merchant becomes aware of an actual or suspected breach to the security, confidentiality or integrity of the Personal Data which may be processed by both ZEN and the Merchant, the Merchant shall notify ZEN within 24 hours of the identification of the breach and the Parties agree to assist each other in taking the steps necessary for investigating the issue or, mitigating or remediating any potential breach.
- 21.3. In particular, the Merchant shall ensure that it has obtained all the necessary consents from the Account Holders whenever their personal data is collected and/or transferred to and processed by ZEN (acting as Data Processor) for the completion of Transactions.

22. Term

- 22.1. The Merchant Agreement commences on the Effective Date and, unless terminated earlier in accordance with the provisions of the Merchant Agreement or these E-Commerce Terms, shall continue in full force and effect indefinitely.

23. Termination

- 23.1. Merchant has a right to terminate the Merchant Agreement by notifying ZEN in writing in the event that ZEN fails to meet the Service Availability rate provided in the E-Commerce Terms for two consecutive quarters.
- 23.2. ZEN is entitled to terminate the Merchant Agreement and/or suspend the Services with immediate effect, including but not limited to processing or Settlement of Transactions for Merchant immediately in part or in whole if one or more of the following circumstances occurs:
 - 23.2.1. ZEN has reasonable grounds to suspect that the Merchant Services, Merchant Products, Transactions or the Merchant's other commercial activities are in breach of the applicable rules and laws, including the Payment Method Rules;
 - 23.2.2. ZEN reasonably suspects that the Merchant is engaged (or will be engaged) in activities that entail (or may entail) a substantial risk of creating loss or harm to the reputation or goodwill of ZEN or any Payment Method Provider;
 - 23.2.3. Merchant is in material breach or ZEN reasonably suspects that Merchant will be in material breach of the Payment Method Rules, Merchant Agreement and these E-Commerce Terms;
 - 23.2.4. Merchant has failed to notify ZEN in advance with regards to any material change in its legal status, financial circumstances, ultimate beneficial owners, shareholders, as well as the Merchant Services or Merchant Products;

- 23.2.5. An Acquirer, regulator or Payment Method Provider warns or informs ZEN about the Merchant's breach of the applicable laws, rules or regulations, or otherwise demands ZEN to terminate or suspend providing Services to Merchant;
 - 23.2.6. It becomes apparent that the Merchant has provided incorrect or false information or documents to ZEN or the Merchant has repeatedly failed to provide information or documents that are required under the E-Commerce Terms and/or the applicable Payment Method Rules;
 - 23.2.7. The Merchant's ZEN Accounts used for Settlements are terminated for any reason; or
 - 23.2.8. The Merchant has processed Transactions through prohibited URLs pursuant to section 3.3 or URLs not approved by ZEN pursuant to the process described under Section 3.4.
- 23.3. If the Merchant does not make any Transactions for a one (1) month period, ZEN may suspend the Merchant Agreement or any specific Payment Method for security purposes, so that the Merchant will not be able to make any Transactions, use the Services or the relevant Payment Method, respectively. In order to reactivate the ZEN Merchant Agreement or the suspended Payment Method, the Merchant can (i) contact ZEN Customer Support via ZEN application submitting the request for removing the suspension and (ii) provide valid and up-to-date know-your-client documents upon ZEN's request.
- 23.4. The Merchant acknowledges that if the Merchant Agreement is terminated for cause by ZEN pursuant to Section 23.2 by a Card Scheme or the Acquirer, then the Merchant may be listed on the Visa Merchant Screening Service Database (VMSS) and/or Mastercard's Member Alert To Control High-risk Merchants (MATCH) which are databases of Merchants whose contracts with their Acquirers have been terminated for cause.
- 23.5. Without prejudice to any other provisions of the Merchant Agreement or these E-Commerce Terms, either Party may terminate the Merchant Agreement immediately at any time by giving notice in writing in the event that the other Party goes into receivership, administration or liquidation (other than following a bona fide restructuring of its business), becomes insolvent or enters into any composition, scheme or arrangement with its creditors, or any similar or equivalent procedure or circumstances in any jurisdiction, or ceases or threatens to cease to carry on its business.

- 23.6. The Parties may also terminate the Merchant Agreement by sending a written notice (e-mail included) to the other Party at least 1 (one) month prior to the date of termination. In the event that the Merchant terminates the Merchant Agreement earlier than 6 (six) months after its Effective Date, the Merchant may be required by ZEN to cover reasonable costs borne by ZEN in connection with the Merchant Agreement.
- 23.7. The Merchant acknowledges and agrees that, notwithstanding any termination of the Merchant Agreement for any reason, ZEN shall remain entitled to recover from the Merchant, Chargebacks, Fines, Penalties, or any other receivables arising out of Transactions or Services at any time before or after the termination.
- 23.8. Subject to specific termination periods provided under these E-Commerce Terms or the Merchant Agreement, both Parties must provide written termination notice to the other via email or post, irrespective of the reason for termination. However, ZEN may deliver such notice after termination has taken effect if ZEN is entitled to terminate immediately or if delay would result in monetary loss, damage, loss of goodwill, or Fines. In such cases, ZEN will notify the Merchant promptly following termination.

24. Liability

- 24.1. ZEN shall not be liable for the consequences and losses suffered by the Merchant or Account Holders, arising out of acts or omissions of third parties, including but not limited to Payment Method Providers, Issuers, and/or Acquirers, unless such events were caused by intent or gross negligence of ZEN.
- 24.2. The total liability of ZEN for any and all claims of any type or nature sustained or incurred by Merchant and any third party in connection with the Merchant Agreement or the Services or other subject matter hereof in the aggregate will not exceed the total amount of the fees paid or payable to ZEN for the Services hereunder in the previous calendar year (or within the same calendar year if the Merchant Agreement is in force for less than one year), regardless of the form of action, whether in contract, tort (including negligence), strict liability or otherwise, however caused, even if ZEN has been informed of the possibility of such liabilities.

- 24.3. Notwithstanding any contrary provision in the Merchant Agreement or the E-Commerce Terms, or any failure of essential purpose or of any remedy of any kind, to the fullest extent permitted by applicable law and restrictions, ZEN shall not be liable to Merchant for any consequential, indirect, incidental, special, exemplary or punitive damages or liabilities or losses (including but not limited to claims for lost profits), arising from or related to or in connection with the Merchant Agreement or the subject matter hereof, regardless of the form of action, whether in contract, tort (including negligence), strict liability or otherwise, however caused, even if such entities or persons have been informed of the possibility of such damages or liabilities or losses.
- 24.4. Neither Party excludes or limits its liability in the event of its negligence which may result in death or personal injury, or for fraud or wilful breach of the Merchant Agreement, or otherwise to the extent any exclusion or limitation of its liability is void, prohibited or unenforceable by laws or restrictions.

25. Indemnification, Fines and Penalties

- 25.1. ZEN shall indemnify the Merchant for damages, costs and expenses arising out of any breach or violation by ZEN of a third party's intellectual property rights.
- 25.2. The Merchant shall fully indemnify and hold harmless ZEN, its directors, officers, employees, agents, stockholders and affiliates from and against all claims, demands, actions, suits, damages, liabilities, losses, settlements, judgments, costs and expenses (including attorney's fees and costs) which arise out of or relate to (i) Fines, (ii) any breach of any representation or warranty of Merchant contained in the Merchant Agreement or the E-Commerce Terms, (iii) any breach or violation of any covenant or other obligation or duty of Merchant under the applicable laws, Payment Method Rules, Merchant Agreement or E-Commerce Terms (iv) any alleged breach or violation by Merchant of intellectual property rights of a third party, (v) any claim that the Merchant or Merchant Products or Merchant Services infringe a patent or copyright, in each case whether or not caused by the negligence of ZEN and whether or not the relevant claim has merit. Merchant shall inform ZEN in writing of any claim, demand or suit and shall fully cooperate in the defence thereof. Merchant will not agree to the settlement of any such claim, demand or suit prior to the final judgment thereon without the consent of ZEN, whose consent may be withheld at ZEN's sole and entire discretion.
- 25.3. The Merchant is hereby reminded that Payment Method Rules impose extensive Fines or other penalties for non-compliance on ZEN as a result of acts or omissions of the Merchant. ZEN has a right to issue a Penalty to the Merchant up to 200% of any Fine that has been levied on ZEN.

- 25.4. In addition to the Penalty in Section 25.3 above, ZEN has the right to impose on the Merchant additional Penalties in accordance with the Penalty Schedule. The Penalty Schedule is hereby implemented to the Merchant Agreement by reference. ZEN has the right to make changes to the Penalty Schedule in the same manner as described in Section 27 below.
- 25.5. Penalties may be imposed by ZEN regardless of whether any third party (such as a Card Scheme or Payment Method Provider) has also imposed penalties. Penalties applied by ZEN are independent and may be levied in addition to any such third-party penalties, including those later transferred to the Merchant.
- 25.6. Each instance of a breach specified in the Penalty Schedule may trigger a separate Penalty charge in accordance with this Section, irrespective of whether the breach is of the same nature as a prior violation. Penalties for ongoing breaches (e.g., daily Penalties) shall accrue independently for each day of non-compliance.
- 25.7. The penalties are expressly intended to be cumulative and in addition to, and not in substitution for or limitation of, any legal or contractual rights, claims, or remedies available to ZEN against the Merchant including under (i) The Merchant Agreement, (ii) E-Commerce Terms, (iii) General User Terms. Nothing in this Section shall be construed to limit, waive, or restrict ZEN's entitlement to pursue any other available legal remedy, including but not limited to claims for damages, specific performance, injunctive relief, or termination rights, whether concurrently, consecutively, or otherwise.
- 25.8. ZEN may reduce or waive penalties in its sole discretion, based on:
